Evangelical Lutheran Church of the Urals, Siberia and the Far East (ELCUSFE)

The Christians in Russia are emerging from nearly sixty years of persecution and violent suppression of religious activities. Even though the Russian government ended its official suppression of religion in the late 80s, churches still face obstacles and challenges from all parts of the Russian state and society. Our engagement with our “CoSyn Christians” there in Russia expresses our concern for them and gives them support and encouragement. These relationships enrich our lives, our faith, and our ministries by exposing us to the witness and perspectives of Christians in other parts of the world as we seek to work with one another to build up the body of Christ and share the Gospel with the world.
